15	Closing Moderator	Moderator	12.45 – 13.00

Proceeding of International Seminar on Health Entrepreneurship and Technology (ISOHET)

Environmental Adaptation Strategies to Build Public Health Resilience Amidst Global Climate Change

PREFACE

Praise be to Allah SWT for His blessings, mercy, and guidance, which have enabled us to complete the proceedings of the 3rd International Seminar on Health Entrepreneurship and Technology (ISOHET) 2026. Peace and blessings be upon the Prophet Muhammad SAW.

The 3rd International Seminar on Health Entrepreneurship and Technology (ISOHET) 2026 is one of the series of events organized by the Faculty of Health Sciences, Universitas Duta Bangsa Surakarta. This seminar and call for paper are held as part of the university's commitment to academic development, scientific dissemination, and the publication of research findings. The theme of this year's event is **"Environmental Adaptation Strategies to Build Public Health Resilience Amidst Global Climate Change."** The papers included in this proceedings volume were presented at the Call for Paper session on **27 June 2026**, which was conducted online through Zoom Meeting.

The successful implementation of ISOHET 2026 was made possible through the support and contribution of many parties. On this occasion, we would like to express our sincere gratitude to:

1. **The Rector of Universitas Duta Bangsa Surakarta** for granting permission and support so that this event could be held smoothly and orderly.
2. **The Vice Rector I for Academic Affairs, Student Affairs, and Cooperation** for the support given in the organization of this seminar.
3. **The internal and external reviewers** for their careful evaluation of the submitted articles.
4. **The Dean of the Faculty of Health Sciences, Universitas Duta Bangsa Surakarta** for the guidance and direction given throughout the organization of this seminar.
5. **All committee members** who have worked tirelessly to ensure the successful implementation of ISOHET 2026.
6. **All participants and presenters** who have taken part in this event and contributed to its academic success.

We hope that these proceedings will be useful and provide up-to-date insights and references in the fields of health entrepreneurship and technology, as well as contribute to the advancement of public health knowledge and scientific development.

Finally, we sincerely apologize for any shortcomings in our services, facilities, or infrastructure during the organization of this event.

Surakarta, 27 June 2026
